Yerington Paiute Tribal Community,

Thank you so much for all you do to keep our community safe!

Please be advised that we currently have two (2) pending COVID-19 tests within our Tribal Community that are presumed positive.

*If you or your family have attended any events or large group gatherings recently and you feel you may have been exposed to COVID-19, do not hesitate to contact the YPT Health Clinic at (775) 783-0222 for testing. We appreciate your patience and understanding as we work to support the health of the community.*

Exposure to COVID-19 occurs when you are within 6 feet of an individual displaying symptoms of COVID-19 for at least 15 minutes and you and the individual are not wearing masks and the infected individual later tests positive for COVID-19. Exposure also occurs in the same situation where the infected person is not displaying symptoms.

If both individuals were wearing face masks, it is not considered exposure.

At this time, testing is limited to individuals residing within the communities of the Yerington Paiute Tribe. We apologize for the inconvenience and appreciate your patience and understanding as we work to support the health of our community.

Thank you,
